2019 NCP BEACH RETREAT

Why should minister members, ruling elders, deacons and members of our churches attend this year's Annual Beach Retreat?

The world is changing rapidly, and so is the church.

This year's workshops will address ...

- **PREACHING THE PARABOLIC IMAGINATION OF JESUS:** What makes for faithful and vital worship in the 21st century? *Rev. Dr. Tom Long*
- **NEW BOOK OF COMMON WORSHIP:** What are the challenges and opportunities of our time; i.e., shared leadership, ideas of gesture and movement, multiple languages, justice and reconciliation and more?
Rev. Dr. Kim Long
- **IGNITE: THE EIGHT-STEP GRANT WRITING SYSTEM:** When grant opportunities become available, how do we write a clear, simple yet effective grant application to "win" the grant?
Dr. Sheldon Nix, Ph.D.
- **NAVIGATING CLC:** How call seekers and calling organization effectively and efficiently navigate PC(USA) Church Leadership Connection to maximize potential outcomes? *Rev. Jihyun Oh*
- **IGNITE: CHURCH "UNGLUED":** Is your church "stuck" with what needs to change or how to make change happen? If your church is ready to make decisions for the future based upon faith, not fear, fueled by the promise that God is doing a new thing in our midst ... the Unglued Church Project will be a good fit for your congregation. This workshop will describe the partnership with IGNITE and our churches for teamwork that advises, and assesses financial, community and spiritual strengths/weaknesses to help inform decisions about future directions for your congregation. *Revs. Sara Robbins and Susan Rothenberg*
